

Dear Forpark designers,

please find enclosed my
playground design and

instructions for when building
and some rules as well. I would like it
built at Windemere Oval. I am
nearly seven years old.

I hope you like my design as
much as I do.

Happy designing :)

From Tess Rielly :)

Important Building Points

1. Please add bubble sprayers on both sides of fish slide.
2. Please make eye on fish slide blink.
3. Please make scales on fish slide shimmer.
4. Please add rainbow glitter sprayers on two sides of rainbow slide.
5. At bottom of rainbow slide, please add cloud effect (like dry ice).
6. Alligator must be robot for safety reasons.
7. Please make the base of trampoline open to reveal a pool of dolphins and clownfish.
8. Must have parachutes in tower (for safety)
9. Please place guppies and gouramis in fish tank.
10. Elvis ladder must have chemicals on it to make you act and behave like Elvis.
11. Swing must include a seatbelt. The seatbelt is released by activating a spike. It is solar powered.
12. There are three drink fountains. One has hot chocolate and a marshmallow dispenser. The second one has juice. The third one has water.

Important points.

1. You may stroke and pat dolphins

after trampolining into dolphin pool.
You may pat fish.

2. Jewels in jewel pit are fake.

3. Alligator is a robot.

4. Haunted house is not scary.

5. Must ~~wear~~ ^{wear} parachute on jumping from tower.

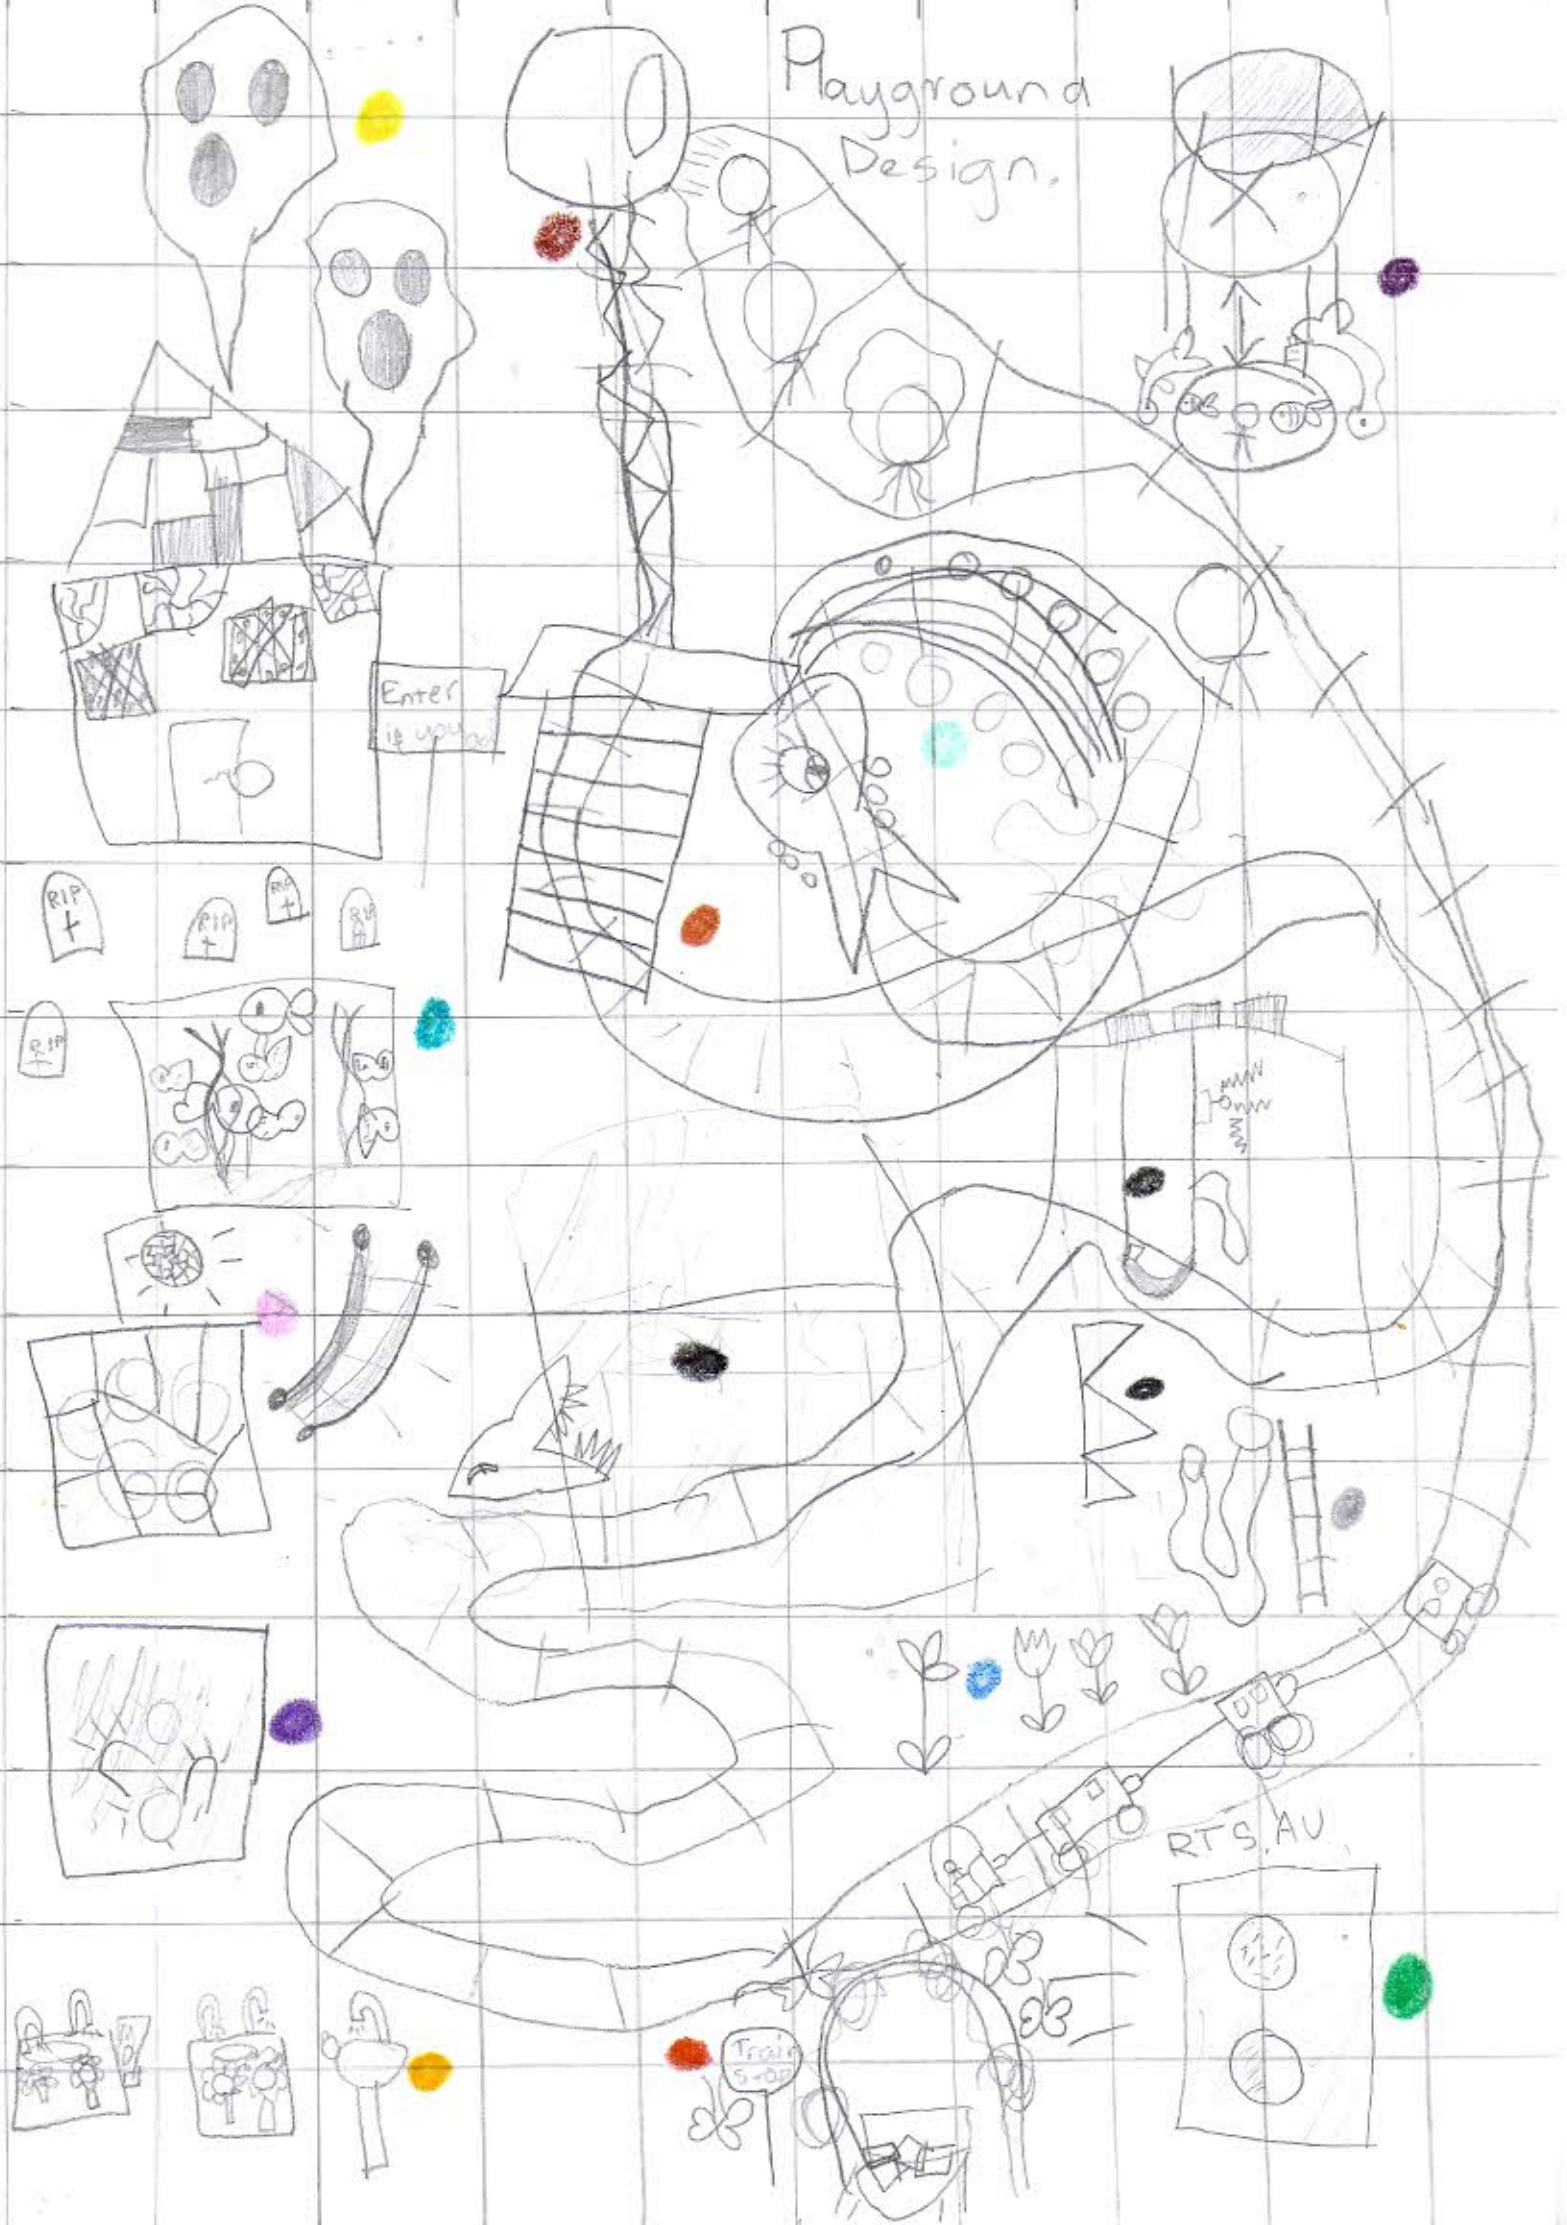

6. Do not take all marshmallows.

7. Wear suitable clothes and goggles and flippers if you have them.

8. No tramping on tulips.

9. No teenagers allowed.

Playground Design.

Key: Haunted House: ● Fish Tank: ●
Disco area: ● Jewel pit: ●
